SOUFFLÉ COLLECTION

cod. SC_CINNAMON

This glass blown vase is as sweet as the spice it is named after. The solid, tall base holds up a lighter, wider structure that encloses the light to enhance its unique Yellow-Orange and Dark Spring Green shades. This vase, which measures 10 x 26 x 31 cm, has been blown with a light, delicate color that can blend in any room, without going unnoticed. The signature swirly edge of the soufflé collection, created with threads of fire cane, give this piece the final touch, for results that speak for themselves.
