SOUFFLÉ COLLECTION

cod. SC_PRUNE

The perfection of geometry gives way to a unique shape, blown to capture the light and enthrall the spectator with its reflection. The narrow base supports a wider top that slowly shrinks, with the signature swirl of the Soufflé collection, thus creating a smaller, darker circle. This piece, masterfully executed in threads of fire cane, is the perfect addition to an elegant and tasteful environment. Its dimensions of 10 x 25 x 27 cm make it adaptable to numerous surfaces, and its light, neutral color Daffodil Yellow make it fit into any décor.
